## WCS Dashboard

### What is a Dashboard?

When the word dashboard is used, it can take on many different meanings depending on the audience. DoveTrack WCS has three Dashboards. Each Dashboard addresses three different audiences.

1. Navigation Dashboard - used to navigate through WCS programs.
  - a. [Graphical Navigation - HTML Style](#)
  - b. [Graphical Navigation - Hierarchical Button Style](#)
2. KPI Dashboard - used to graphically view Key Performance Indicators.
  - a. [KPI Dashboards](#)
3. Pick Dashboard - used by pickers to group orders for picking. This optimizes batches as well as keeps pickers working at a steady pace.
